

Welcome

Dear Friends,

A fresh new year is upon us once again. It's an opportunity to be thankful for the blessings of the past year and to take stock of all our achievements. At the same time, 2017 will offer the chance to start anew, to start strong, and to catch up on everything we hope to do this year.

This year our short term plan is to:

- Create a budget, essential for obtaining grants
- Overhaul our website
- Create a Conference (Community) room with two interactive TV screens for meetings, lectures, presentation and Rusyn craft demonstrations. This room will also be available for use by C-RS members and for members of collaborating ethnic organizations.
- Be more efficient in processing membership renewals
- Continue to promote membership and actively develop new members
- Involve our youth
- Gift package for college students
- Provide \$1,000 grant for a C-RS member attending Penn State University
- Continue organizing and documenting the artifacts at the Cultural Center

Uncovering and Publishing the History of PA's Carpatho-Rusyns

On **Saturday, February 25 at 1:30 pm**, the Youngstown/Warren/Sharon Chapter of C-RS will sponsor a lecture by Richard Custer entitled "Uncovering and Publishing the History of Pennsylvania's Carpatho-Rusyns" at St Michael's Byzantine Catholic Church, 2230 Highland Ave, Hermitage, PA.

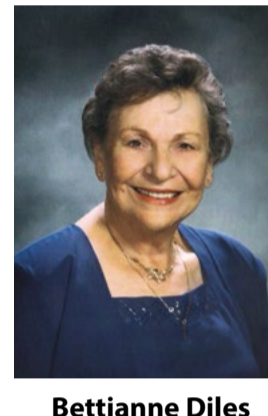

Through the collection and research of chain migration data, parish histories, church and civil records, immigrant newspapers, photographs, oral histories, and memoirs, the author is writing history, in words and in pictures, of the Carpatho-Rusyn immigrant communities of the state of Pennsylvania. He has amassed a collection of source material that he is assembling into the most comprehensive look at the history of Carpatho-Rusyn communities anywhere in the world. He will speak about this project and also about the unique situation of Rusyns in northwestern PA, where farming became the primary occupation of Rusyns. He has amassed a collection of source material that he is assembling.

Rich was a founder of the Capartho-Rusyn Society in 1994, and Editor of its New Rusyn Times newsletter until 2016. He is the author of scholarly and popular articles of Rusyn history and the blog "The Carpatho-Rusyns of PA" (rusynsofpa.blogspot.com). He co-authored the book Prikra (Presov, Slovakia, 2006), a history of his Rusyn maternal grandmother's village in eastern Slovakia. He holds master's degrees in Business and Eastern Europe studies from the University of Pittsburgh.

The Youngstown chapter is honored that Rich will be coming to speak, and they invite all to attend and bring a friend.

GCU Turns 125!

On February 14th, the Greek Catholic Union celebrated their 125th anniversary as well as a new beginning.

Subcarpathian Rusins from the Austro-Hungarian Empire immigrated to the US to start a better life. They spoke a different language, practiced a different religion, and followed a different set of customs. These differences led immigrants to band together and collectively establish brotherhoods to care for each other. Since most immigrants had dangerous jobs, the brotherhoods established funds for widows and children. The need for a comprehensive protection plan led to the establishment of the GCU on February 14, 1892.

Today, the GCU offers members competitive insurance and annuity products that funds social activities, community involvement opportunities, and other benefits. The GCU maintains more than 44,000 members nationally.

In the coming months, the GCU will be updating the look of their communications and will be launching a new website!
